3. PROPOSED PROJECT INFORMATION

3.1 Project Name:

3.2 Select county in which project is located:

3.3 These technical assistance funds are intended to solve system problems or make system improvements.

a. Tell us about the problem that the project will solve. Be specific.

To support your answer, please reference and upload supporting documentation including, but not limited to: photographs, system evaluations, maps, schematics, inspection reports, ADEQ Notices of Violation or Consent Orders, lab analyses, ACC findings, engineer's proposal, etc.

- b. What solution or improvements are you proposing in this application to solve the above referenced problem for your system, if awarded technical assistance funds?

- 3.4 Technical assistance is competitive and funding is limited. From a financial perspective, tell us why your system/community is in need of technical assistance. Please be specific.

- 3.5 Green projects are those in which the primary focus is water or energy efficiency. Please describe any green components of your project. Include an explanation of estimated water or energy savings once the project is completed or implemented. If your project does not include these components, skip to question section 3.6. See the WIFA Applicant's Guide and Request for Applications for more information on green projects.

- 3.6 WIFA technical assistance funds are awarded to hire an engineer/contractor. Who are the key personnel that would be involved in the project, and what will be the nature of their participation? Include the contractor and in-house staff roles in the project. *** Note: In-house staff costs may be funded through the local match share of the project.

4. SCOPE OF WORK AND WORK PRODUCTS/DELIVERABLES

- 4.1 To evaluate your project for award, WIFA needs to understand the tasks and costs to be funded.

- a. Scope of Work

Describe the major project tasks that the engineer/contractor and applicant will complete. Do NOT include construction tasks and costs. More detailed descriptions will allow better evaluation for funding. You may also upload a scope of work/proposal.

- b. Budget with Tasks

Provide a budget for your tasks in the table below. **WIFA technical assistance can fund no more than 60% of project planning/design costs, up to \$35,000.** The applicant will be responsible for 40% of the project planning/design costs and/or any

expenses beyond WIFA's maximum funding limit.

Task	Description	Total Cost	WIFA Funded	Applicant Funded
Totals:		\$0.00	\$0.00 (0%)	\$0.00 (0%)

*Green projects **may** qualify for an applicant match funding waiver. Determination of qualifying green projects and waiver of applicant match funding is at WIFA's discretion. **It is important to commit to match funding to ensure eligibility in the event the project does not qualify as green.** If you do not want to accept the technical assistance unless it qualifies for a match waiver, you may leave the match column blank in the table above.

- 4.2 Explain how the applicant match will be provided. List sources of funding and amounts. In-kind services may serve as the match, but must be described and assigned an approximate dollar amount. *Note: Federal funds (directly or indirectly) cannot be used to fund the match portion of your project. See the Applicant's Guide for examples of acceptable match, including in-kind services.*
